HARSHIL K

IT Professional | Cybersecurity & Software Development

Bangalore, India | +91-8089512323 | harshil.connect.in@gmail.com | linkedin.com/in/harshil-mca | github.com/Xavior-exe

PROFESSIONAL SUMMARY

Passionate IT professional with an MCA and a B.Sc. in Computer Science, possessing hands-on experience in software development, cybersecurity, ethical hacking, and AI-powered applications. Proficient in Python, Java, SQL, and web technologies, with strong problem-solving abilities and a commitment to continuous learning. Eager to leverage technical expertise, creativity, and emerging technologies to develop innovative solutions and contribute effectively to a forward-thinking IT organization.

TECHNICAL SKILLS

- Programming Languages: Java, Python, C, SQL
- Web Technologies: HTML, CSS, JavaScript, Django, Flask
- Databases: MySQL, Database Management Systems
- Cybersecurity: Ethical Hacking, Information Security, Cyber Threat Management, Blue Team Analysis
- Tools & Platforms: Git, GitHub, MS Excel, VS Code, Windows, Linux, OpenCV

INTERNSHIP EXPERIENCE

Cyber Security Intern — HKIT Cyber Security Solutions *Jun 2025 – Jul 2025*

- Completed a cybersecurity internship focused on ethical hacking and information security fundamentals
- Conducted research on common cybersecurity threats and vulnerabilities
- Applied ethical hacking techniques and security best practices in a team-based environment
- Gained practical exposure to information security concepts and incident response standards

KEY ACADEMIC PROJECTS

Attendance System – Face Recognition (Python, Django, OpenCV)

- Developed a web-based attendance system using Python and Django integrated with OpenCV for real-time face detection and recognition
- Implemented facial data training, image processing, and automated attendance logging into a structured database, minimizing proxy attendance

TravelNex – AI-Powered Intelligent Travel Planner (Python, Flask, MySQL, JavaScript)

- Built an AI-powered travel planning web application integrated with multiple APIs for real-time travel information and recommendations
- Implemented personalized package recommendations, itinerary generation, AI chatbot, destination gallery, and place identification features

EDUCATION

Master of Computer Applications (MCA) — Soundarya Institute of Management and Science, Bangalore University *2024 – 2026*

B.Sc. Computer Science — College of Applied Science Vattamkulam, Calicut University *2021 – 2024*

Higher Secondary — G H S S Niramaruthur *2019 – 2021*

CERTIFICATIONS

- Blue Team Security Analyst & Cybersecurity Practitioner Program — Cyberverse Foundation
- Introduction to Cybersecurity, Cyber Threat Management, Computer Hardware Basics & Python Essentials 1 — CISCO
- Embedded Systems & IoT with AI — XCEL Corp
- Introduction to Artificial Intelligence (AI) — IBM
- Machine Learning Using Python & Introduction to Front End Development — Simplilearn
- Java Programming: Mastering the Fundamentals & Computer Networking — Scaler
- Introduction to UNIX — Infosys Springboard
- Database Management System — Udemy

ADDITIONAL INFORMATION

- Languages: English, Malayalam, Hindi, Kannada, Tamil
- Soft Skills: Problem-Solving, Critical Thinking, Time Management, Teamwork, Adaptability
